RED CROSS TOTAL \$325,000 TO DATE

Smaller Groups Report More Donations Than for Last Roll Call.

Returns from industrial, banking and various church, club and women's committees in the Red Cross Roll Call, scheduled to close on Thanksgiving Day, indicated last night a total for the five boroughs of \$325,000. Memberships and subscriptions reported to the New York county headquarters total \$225,000, returns in Brooklyn approximate \$26,000 and \$12,000 has been received from Bronx committees. Substantial sums are reported by the Queens and Richmond chapters.

More than \$29,000 was reported up to last night from the banking section, under the chairmanship of Percy H. Johnston, president of the Chemical National Bank. The Guaranty Trust Company has returned a 100 per cent. enrollment of its 2,900 employees and officers; \$2,000 has come from employees of B. Altman & Co., and the home office of the Metropolitan Life Insurance Company has contributed \$3,500 to the Manhattan total. Everett W. King, through whom the organization of the banking groups has been effected, is credited with a probable total among national, State and foreign banks, together with the four exchanges, of \$40,000.

Returns in the smaller groups are consistently higher than in last year's roll call. The iron and coal group, under C. C. Small of the Knickerbocker Ice Company, shows a total of \$1,500, which is double the amount of last year. The linen group, headed by Charles Potts of Lock & Potts, will pass the \$1,000 mark, and in the wholesale meat group Miss Lillian Knoeller, secretary of the Wholesale Meat Association, who is acting as assistant chairman, reports a number of 100 per cent. enrollments.

Among the most recently enlisted groups in the campaign organization is the theatrical group, under the chairmanship of Sam Harris. In view of the fact that no solicitation is made in the theaters during the present roll call Mr. Harris is urging theater owners and producers to make up this loss by a corresponding increase in their own contributions.

To-day will be Near East Sunday in the churches, with appeals from pastors for funds for the relief of refugees from the Smyrna district. Requests have gone out from the national headquarters of the Knights of Columbus, of the Y. M. C. A., Y. W. C. A., Federal Council of Churches and several Jewish organizations for cooperation with the Near East Relief and the Red Cross in forwarding funds and supplies.

CHRISTY MATHEWSON SELLS ANTI-T. B. SEALS

Veteran Pitcher Robust After North Woods Sojourn.

Christy Mathewson, back in New York city for a few days from Saranac Lake, where he maintains his long struggle for complete restoration to health, opened the Christmas drive of the New York Tuberculosis Association yesterday on the steps of the City Hall. The greatest baseball pitcher of them all sold a big batch of Christmas seals to Mayor Hylan. A friendly crowd cheered "Big Six" and shook hands with him. He was warmly congratulated on his robust appearance. Matty will help the tuberculosis campaign for about a week and then go back to the north woods. The association is trying to sell 25,000,000 stamps at a cent apiece in Manhattan.

YALE STUDENTS EARN \$170,441 DURING YEAR

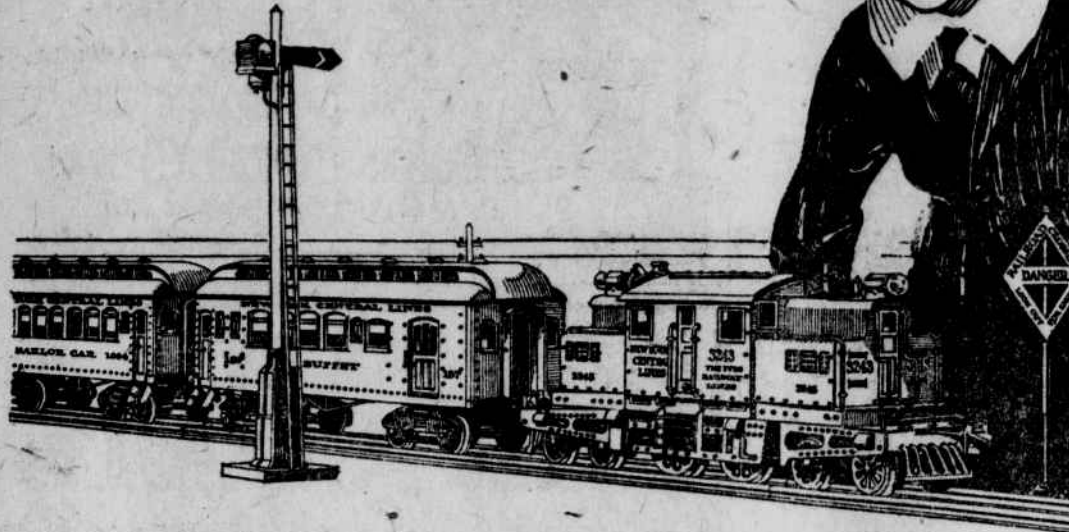

Report Shows They Filled 4,423 Positions in That Year.

NEW HAVEN, Conn., Dec. 2.—Earnings of Yale students, who filled 4,423 individual positions during the last academic year, aggregated \$170,441, a report of the director of bureau appointments to the university secretary's office to-day showed. About one-third of the students, or 1,302, registered with the bureau to obtain employment.

Summer vacation positions of 140 brought them \$50,000, while seventeen student agencies in the university which employed 200 yielded \$20,000 in wages to these student employees or in managerial profits. The athletic association paid 209 students more than \$13,000. One student earned more than \$1,400. The most important form of

term employment was for board, by which more than 300 students reduced their expenses \$60,000. The year showed an increase in the amount of the scholarship awards, the total being \$129,769. In addition, \$69,753 was awarded to students by the Sheffield trustees and the faculties of the graduate and professional schools. The peak total of student earnings and awards applied to expenses was \$370,671, or \$76,000 more than in the previous year.

The Authentic Story of Communistic Activities in the United States

FOR ten days beginning to-morrow, December 4, The New York Herald will publish a series of articles daily giving in detail, from authentic sources, the story of the conspiracies of Red Agitators in the United States.

These articles will contain the text of many extraordinary documents. They will trace the connection between the Soviet leaders in Russia and certain agitators in the United States.

Beginning with the description of the birth, in New York City, of the Workers Political Party, with the text of its revolutionary program, they will show how this party is being checked by the Federal and State authorities; its failure to dominate the American Federation of Labor; how it so "bored into" the Army and the Navy that Secretaries Weeks and Denby felt it necessary to take steps to counteract it.
